

RFQ 13-007-05
GREENPRINT CONSORTIUM WORKING GROUP
DUE 09/07/12

QUESTIONS AND ANSWERS (ANSWERS IN RED)

1. My organization is interesting in staffing two working groups, the scopes of which are quite different. The RFQ specifies that the proposals should include "preference of working group(s) to staff." Should we submit a single proposal or separate ones for each working group?

In the case of making application to more than one working group, it is recommended that you submit a separate proposal for each working group you prefer to staff.

2. Can we assume that specific planning that the working groups with lead (e.g. completion of the Fair Housing Equity Assessment) will be funded separately?

Not in all cases. Some working group activities have funding under the grant, such as: Bus Transit to Workplace Study; Health Impact Assessment; Capacity Building, Community Engagement, and Recreational Use Campaign; and GIS, Mapping, and Evaluation. At this time, there is no additional funding for the Fair Housing Equity Assessment. This study will be developed by Consortium partners and the Memphis and Shelby County Office of Sustainability, with the Housing/Neighborhood Land Use Working Group leading the effort.
